

Executive Producer, Corporate Membership

- Twenty complimentary A-section tickets, subject to availability, in any combination for your exclusive use to any Alberta Theatre Projects performance.

An evening at Alberta Theatre Projects provides you with an exceptional opportunity to entertain valued business associates or prized employees. You may also wish to host a private reception in conjunction with your evening. An invitation to attend your reception can be made to the Artistic Director, and Alberta Theatre Projects staff can assist in coordinating reception logistics such as beverage service and catering.

Alternatively, you may choose to use your complimentary tickets in smaller allotments throughout the season. For smaller gatherings, enrich your Alberta Theatre Projects experience by requesting a tour following the performance.

And finally, individual Ticket Vouchers can be issued to facilitate the distribution of complimentary tickets to clients, colleagues, or staff thus giving your very special guests the flexibility of booking tickets to a specific performance of their choice on a night that suits them.

- An invitation for two to attend Dinner with Vanessa, hosted by River Café and Willow Park Wines & Spirits. Joining you and other members will be Artistic Director Vanessa Porteous and a few of the artists you've enjoyed on the ConocoPhillips STAGE in the Martha Cohen Theatre.
- Invitations for two to attend a series of complimentary events for the exclusive enjoyment of members of The Director's Circle.
- Acknowledgement of your generous support in our playbills throughout the season and in our Annual Report.
- Acknowledgement of your generous support will be inscribed on the season Scroll that will hang in the lobby of the Martha Cohen Theatre throughout the proceeding year.
- An invitation to attend the Annual Season Launch where we share our next year's programming.
- An official income tax receipt to Canada Revenue Agency Guidelines.

"If we all reached out and said a simple thank you for something or someone who brings joy into our life, maybe we could build a better, stronger, kinder and more peaceful world. Let's embrace the challenges and use them to grow and learn as human beings. Let us cherish the good times and keep them in our treasure box of memories to create smiles and laughter in the future."
